WORKING EXPERIENCE

- **Portfolio-Website** [🔗](#)
Developed a responsive personal portfolio website using HTML, CSS, JavaScript, and Font Awesome to showcase skills and projects. Implemented tab-based sections, animated effects, and dynamic content updates for smooth user experience and clean UI design.
- **Weather-App** [🔗](#)
Developed a responsive weather application using React.js, fetching real-time weather data via the OpenWeatherMap API. Utilized React hooks for state management and dynamic rendering of temperature, humidity, and weather conditions.
- **DreamLust** [🔗](#)
Built DreamLust, a full-stack travel and listing platform using Node.js, Express.js, MongoDB, and EJS templating. Implemented Cloudinary for image uploads, MapTiler for interactive maps, and secure authentication with user CRUD operations.

SKILLS

- **Solved Problem** - Hackerrank [🔗](#) , LeetCode [🔗](#)
- **Programming Language** - Java
- **Technologies** - HTML5 , CSS3 , JavaScript , Bootstrap , React , SQL , Node.Js , MongoDB , Express.Js
